The Sales Department of the American Philatelic Society Wants

1000 Additional Patrons

Think of it, over one million dollars catalog value, ($400,000 net) in circulation in the 10,000 books entered in this department

Over $500,000.00 has been purchased by collectors from this department in ten years, and sales are now running around $80,000.00 a year.

Hundreds of collectors find this an ideal way to fill the blank spaces in their albums at a moderate cost. Many dealers buy from these books. You, too, should investigate it.

This treasure chest of millions of different stamps is available to members of the American Philatelic Society only. If a member, write today for a selection stating your wants. If not a member, send for application blank and full particulars.

Dues are moderate--benefits are many: A high-class monthly magazine free, a list of the 4000 members with their wants and specialties--an opportunity to buy, or sell your stamps for cash thru the sales department--an exchange department, as well as special units for different phases of collecting.

This Society is the largest National Society, with a membership of 4000 collectors. It was founded and chartered in 1886, over 45 years ago. Every collector should be a member.

The American Philatelic Society leads--Others follow.
We serve thousands--We want to serve you.

The Columbus Album

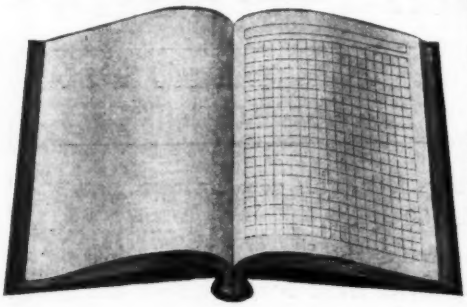
LOOSE LEAF - THREE RING BINDER

MANY collectors prefer a ring binder album because the pages lay absolutely flat when the book is opened. No spring back album will lay flat unless the pages are linen hinged. By the use of gummed cloth washers on the page holes of a ring binder album the pages do not tear out and the album will last as long as the spring back.

BINDER—Fine quality three ring binder, good mechanism, large one inch rings, highly nickel plated. Binder covered with Levant Grained Black Fabricoid and has no marks or names on the front. With the binder we supply a heavy front and back protector sheet for protection to the pages. This sheet has name plate printed in two colors.

PAGES—The same page is used in this album as is used in the Brownie Album described below. These pages however are punched with three holes to fit the ring binders.

PAGE HOLE PROTECTORS—Small gummed cloth washers for placing around the holes of the album pages are supplied with each complete album at no additional charge. When applied, the pages will not tear out, thus providing a flat opening album.



BROWNIE
Spring Binder
- LOOSE LEAF -
ALBUM

BINDER—A Spring Back Binder of excellent quality, finished in a Rich Brown Levant Grained Fabricoid. Has sunken panel on front with attractive name plate. If you wish, your own name label may be pasted over this plate.

PAGES—Made of a fine quality of bond paper. This paper contains a high percentage of rag and does not discolor or fade with age. Hinges peel easily from this paper without tearing off the surface of the paper as with some albums. Pages are printed in a light grey, with a quadrille ruled ground and large panel at top for name of country, dates and other information. An inner folder to hold the pages comes with each binder as is shown in the illustration. Thus the pages are easily interchangeable.

Page size 8½x11 inches

Old Trunk Holds Fortune

German Find May Put New Country In The Catalogues

PERHAPS what will become one of the strangest tales of stamp collecting has been brought to light by the opening of an old trunk in Germany. Much of the story is printed in the Boston Post of March 27th and other information is gathered from various sources.

Clements Denhardt who died penniless in Germany in 1922 left behind him an old trunk which was opened by his heirs after 30 years and within its musty interior were found 425 postage stamps which German dealers value at $250,000.

Denhardt was made Governor of the country of Wittu or Witu in East Africa, in 1885. In 1890 he traded the country without consent of the Sultan, to Great Britain, taking in exchange Helgoland for Germany.

The New International Encyclopedia states:

ZANZIBAR. A sultanate and British Protectorate of East Africa, the protectorate proclaimed in November, 1890, in conformity with conventions by which Great Britain ceded Helgoland to Germany.

The above, together with the following clipping from the Boston Post will tell the story of this strange discovery of old stamps. Stamps which doubtless were issued by Clements Denhardt as Governor of Witu under authority given him by the Sultan of Witu.

Will a newly discovered Stamp issuing country creep into our stamp albums and catalogues over thirty years after its birth?

Denhardt was penniless when he started out for Africa at the age of 25, together with his brother, Gustav. In East Africa he met and made friends with Sultan Achmed of Wittuland, mighty and independent ruler over a vast area extending along the East Africa coast, north of Zanzibar. Denhardt returned to Germany to seek financial help for his friend, Achmed, to exploit his rich and fertile country.

The Sultan wanted the support of the German Kaiser against his mighty rival, the Sultan of Zanzibar. Without much ado Denhardt was given full power to negotiate with the German empire. Furthermore, the Sultan made over to Denhardt, with all sovereign rights, a large stretch of land, including a 60-mile coast line.

A German cruiser squadron appeared before Zanzibar in 1885 and Sultan Achmed's country was placed under the protection of the German Kaiser.

Denhardt, now foreign minister and minister of the interior of Germany's new mandate, settled down to reorganize the country according to European standards. The Sultan's greatest ambition was to have his own postal service. Denhardt organized it for him and acquired all postal rights for the paltry sum of 13,000 rupees. Little did he know then that each of the primitive stamps to be issued would later represent a fortune.

In July, 1899, the German Empire and Great Britain reached an agreement by which the country of Wittu, now ruled by Sultan Fumo Achmed's successor, was ceded to England in exchange for the island of Helgoland, which fell to the German empire. Neither the German nor British statesmen dreamed of asking for Sultan Fumo's O. K. As it happened, the Sultan strongly objected. He and his loyal subjects rose to a man. British troops quelled the "mutiny."

Denhardt stripped of his postal revenues and his vast estates, found himself penniless once more. With all his belongings packed in a few cases he proceeded to Germany, sure that the German empire would amply remunerate the man to whose enterprise they owed the long coveted island of Helgoland.

A pre-war Reichstag was aghast at Denhardt's claims. No official funds were available for such an out of the way demand. After lengthy deliberations the parliament finally appropriated the sum of $37,000 for Denhardt, a ridiculous compensation for the tremndous losses he had suffered. A large part of this money went to cover Denhardt's debts. The rest of his life he spent in poverty. All further attempts to recover even a small part of his losses failed. He died in 1922.

One of Denhardt's trunks was recently unpacked by his heirs. It had been left untouched for 30 years. Among a heap of rubbish was found 425 stamps issued at the time when Denhardt was Sultan Achmed's postmaster-general. Their value is placed at $250,000.

A FORECAST AND A RECORD

Swift to Report → Straight to Record

Timely, authentic and complete information on new issues, unlisted varieties, projected philatelic events, etc., is the aim of this department. We will deeply appreciate all contributions of this nature from our readers, and full credit will be given in each case. All contributions should if possible be accompanied by specimens of the stamps concerned, which will be returned promptly.

BRAZIL—The Stamp Collectors' Fortnightly reports that the stock of paper, hitherto in use for the current issue, is exhausted. The new paper is watermarked with a multiple design showing a circle within a square. The word CORREIO appears along the top of the square, and BRAZIL down the right side. In the circle are five stars of the constellation of the Southern Cross. This of course means yet another watermark variety in this country where watermarks have always been the collector's bete-noir.

CHILE—Another watermark variety in the current air-post provisionals. Stamp Collectors' Fortnightly reports the 10 peso denomination with the current air-post overprint in black now appearing on watermarked paper.

CHINA—Apparently tiring of their present handsome air-post series, it is now stated by L'Echo de la Timbrologie that an entirely new set of air stamps is being prepared. These too will be of large size, but designs and denominations are not yet reported.

CONGO—In addition to the two surcharges on the "Stanley" series reported Feb. 14th, we now learn from Stamp Collectors' Fortnightly that several more values of the same set are to be immediately surcharged with new values. All known values are as follows, two of which have already been issued as noted:

40c on 35c green
1.25f on 1f carmine (issued)
2f on 1.60f slate
2f on 1.75f blue (issued)
3.25f on 2.75f lilac
3.25f on 3.50f carmine

It is further understood that these surcharges are to be applied also to other demonitized issues as are needed. Certainly an economical method of creating new issues, and of using up old stocks.

IRAQ—Whitfield King and Co., in their Weekly Trade Circular, list the recent postage issue (See our March 21 and 28 issues) overprinted: "On State Service" in both English and Arabic. All thirteen values are thus treated, and will be listed under the official stamps of that country.

ITALIAN SOMALILAND—The current 50c postage value of Italy has been overprinted for use in this colony according to Stamp Collectors' Fortnightly. Does this presage another flood of provisionals?

A95 50c Purple.

ITALY—The Westchester Stamp Co., has sent us the handsome new St. Anthony of Padua commemorative series forecast last week. It consists of seven values, five of which are produced in the heliogravure process by the Officina Carte-Valori at Rome, while the 75c and the 5 lire stamps are line engraved by A. Repettati, Inc., after the designs of E. Vincenti. They are on paper watermarked crowns (140), perf. 14.

NEWFOUNDLAND—A rather conflicting statement from the P. O. at St. Johns comes to us by courtesy of Mr. Daniel Jacoby, which states that no change of color is contemplated in the current air-post series. Time alone will tell, as we have known cases where the P. O. officials preferred not to announce such things before they actually happened, not only in this popular country, but elsewhere.

PORTUGAL—Mr. R. Roberts sends us a new color scheme in the Lisbon Geographical Society stamp listed and illustrated Feb. 21st. Design is the same, but with changed colors:

(no value) violet, blue & scarlet.

SYRIA—Several new varieties are at hand from Mr. R. Roberts. The high value of the postage set is there, two more values in the air-post series, and the first two values of the new postage due series to appear. In the 100p postage value Mr. Roberts reports a constant and very marked minor variety which occurs in the third stamp of the third row of the bottom pane. The first cipher of '100' has a break in it which makes it appear as an inverted 'C'.

VENEZUELA—L' Echo de la Timbrologie reports that both the recent Bolivar commemoratives and the complete air-post series has been issued with the perforated initials "G. N." for official use. This type of official, tho common in many countries, and recognized in other catalogs, has not been popular here for some strange reason, and will probably not be listed by Scott.

PHILATELIST'S DAUGHTER WINS BEAUTY PRIZE

Miss Jane Filstrup, the exceedingly lovely daughter of Mr. A. W. Filstrup, the nationally-known philatelist of Benton Harbor, Mich., recently won the award as "Miss Benton Harbor" in the annual Michigan Blossom Fete, and will represent that city in the final contest to be held there very shortly, at which time will be chosen the Blossom Queen of the state. This is an annual affair of great interest in Michigan, in which some thirty or more towns participate. Miss Filstrup's picture appeared in many of the larger mid-western newspapers, and judging from them she is certainly deserving of more than ordinary mention.

DEATH OF MRS. WILLIAM C. STONE

It is with sincere regret that we reprint below a clipping from William C. Stone, a friend of every stamp collector, recording the death of his beloved wife. So long as William C. Stone is spared to this world no monument could be a more fitting memory than a man like he.

Mrs. William C. Stone

Mrs. Annie Osgood Stone, 70 years old, wife of William C. Stone of 21 Princeton Street, died at her home early March 15, after an illness of two months. She was born at Fryeburg, Me., Oct. 9, 1860, the daughter of Elbridge G. and Emily M. Osgood, but had made her home in this city for the past 38 years. She was a member of First Baptist Church and the Speech Readers Club. Besides her husband she leaves two daughters, Helen C. and Elizabeth Stone, both of this city, and one sister, Mrs. Charles P. Allard of Portland, Me.

ATLANTA CLUB FORMED

Word comes from F. W. Cate of the organization of the Atlanta Stamp Society. Clarendon Bangs has been elected president; F. W. Cate, vice-president; Karl Pathe, secretary.

Meetings are held each Thursday evening in the offices of the Pathe Stamp Company, 304 Peck Building. Collectors in Atlanta and vicinity are invited to get in touch with the club and needless to state, visiting collectors will be welcomed at the weekly meetings.

NOTES ON NAVAL CANCELS

The collecting of Naval Covers, or so-called Battleship cancellations, is fast becoming one of the prominent branches of Philately.

A number of contributory factors have recently drawn the attention of collectors to this field:

1. The decomissioning of a number of naval vessels—in several cases their complete destruction, under terms of naval treaties.

2. The commissioning of new vessels, or the recommissioning of old ones.

3. The vast increase in air cover collecting, many collectors of air covers trying to secure such covers from all naval vessels possible.

4. Many Navy Mail Orderlies, especially on the smaller ships, often send cancels in colors. This last is due mainly to the fact that the mail orderlies invariably have a number of other duties, and consequently use the nearest available ink pad, regardless of color.

This brings to mind an incident that happened in April, 1930, when the writer was aboard one of the recently recommissioned destroyers.

As usual, I wished to have a number of covers canceled for club members. The mail clerk brought the startling news that the new ship's cancel had been returned to Washington, because the ship's name was misspelled. However, to be obliging, he brought out a hand stamp of a ship that had been out of commission for some time, and actually canceled letters with this cancel, but without date, using bright blue ink.

When these covers were turned into the mail at the navy yard post office, the date was added within the circle, with a band dater and red ink.

The above is but one of many incidents showing why ship cover collecting is so fascinating.

Incidentally it may be well to mention the fact that collectors accumulating types of cancels from ships enter a field that is practically unlimited. This is due to there being all the color ranges, various ports of call, inverted dates, rubber hand stamps, steel hand stamps, machine cancels, inverted cancellations, registrys, parcel post, M. O. B., and last but not least, the great flock of commemoratives and official envelopes upon which the above cancels may be found.

One destroyer, the U. S. S. Farenholt, out of commission for the past year, carried both a rubber and a metal hand stamp.

Because of its ease of alteration, the rubber cancel was generally used; as for the steel die impressions from this ship, try and find 'em.

This is not intended as an advertisement for the North Bay Stamp Club, but since we are on the subject of naval cancels, we cannot avoid mentioning the fact that this club, organized in 1927, has, for the past year, been accepting associate members whose sole aim is the collecting of naval covers. Our associate membership list, however, is now practically closed. The club makes a practice of mailing its meeting notices from naval vessels. These covers attracted the attention of Mr. Harry Gray, Editor of the West Coast News Column of Gossip. Mr. Gray mentioned the covers in his column, and numerous inquiries resulted, which eventually led to the establishing of these associate memberships.

The associates supply the secretary with stamped covers, which are filed at the local Navy Yard and mailed back one at a time, as various ships are available.

A club representative is present when the covers are cancelled, aim-

ing to secure as clear and clean postmarks as possible.

The N. B. S. C. was instrumental in securing for members first day covers, with cachet, from two new vessels.

The first day covers, with cachet, mailed from the U. S. S. V-6, (now the Nautilus) July 1, 1930, the day this ship was commissioned, are the first such covers known to have been issued in the U. S.

These covers have sold for as much as five dollars each, with every indication that they may soon be much higher.

The second first day naval cover sponsored by the club, was that mailed from the U. S. S. Chicago, on March 9, 1931.

The Navy aided in every way possible, in both these events, making only two reservations, that the number of covers be kept at a minimum and that the officers of the Chicago should not be asked for autographs.

Many collectors are prone to blame ship mail clerks, when the covers are poorly canceled.

Having met and talked with as many as eighty of these boys in a single year, and seeing what they are required to do, it is amazing that some of them find time to cancel the mail.

One should remember that when in a navy yard, or station, these mail clerks are not obliged to cancel mail, but are only required to receive and deliver mail to the nearest shore post office.

COLLECTION OF STAMPS BY JUNIORS

Louis Klein
Atlantic City Philatelic Society

You often hear one say "YES, I COLLECT STAMPS!" But do they collect stamps or only little pieces of paper, pretty pictures, odd shaped stamps, first day covers, air mails, etc.

This, however, is not the true feature of stamp collecting. The main thing you want to remember in collecting is—What fun can I get out of stamps, and what benefits, if any?

As to fun, if you want to collect, you can get plenty of that by trying to fill out any country you may take a liking to. Every time you fill up a hole in your album you certainly get a thrill.

From the educational standpoint, the benefits are too many to express in this short talk. If you study your stamps closely you will improve in your history as well as your geography, as most of the countries have commemorative issues.

As to the value of your collection for the future. To do this you must learn to collect properly. Do not get a stamp from here and there just because you do not have same. Try and see whether or not you can get a country as complete as possible.

My greatest fun out of collecting is to try to complete a country that seems easy, like say, Germany, Austria, Hungary, Netherland, France, Italy, etc. You can get a few of these stamps at a very little cost, but you will be surprised how some of these easy stamps are very hard to get even in these countries. The fact that a stamp is catalogued at 2 cents does not mean anything, except that these stamps were issued in a larger quantity than the higher priced one, but some of the cheaper stamps are much harder to get than the high priced ones, as every one who collects can afford the cheaper one and not the higher priced stamps.

I do not mean to stop collecting on any other countries but these mentioned, as it is always a pleasure to get any stamp you do not have.

In addition, however, there are ten little pointers in collecting which I would like to call to your attention:

1st. See that your hands are clean when you handle stamps. Do not let any of the boys touch any stamp after it is mounted in your album.

2nd. See that your stamps are free from paper before you mount same. Put in cold water, not hot or warm, as many of the dyes used are not fast color and will spoil your other stamps. It also protects you in that the stamp is per-

fect and not stuck on paper to hide a tear.

3rd. See that the stamp you buy is not damaged or torn as it has no value except in case of a very rare one. If you want to keep it in your album until you get a good copy, just mark an "X" over the top, so that you know it is not perfect.

4th. If you cannot afford a regular album, just go to the 5 and 10, get a backer for ten cents and get ten cents worth of white paper, mark the name of the country on the top and arrange them as neatly as possible. Only do not use glue, library paste or backs of envelopes, use hinges as they are cheap enough, 10 cents a thousand and they can be torn in half and you will have 2000.

5th. One of the main things in collecting is, do not spend your lunch money for stamps. You should set aside a certain amount you feel your parents allow you to spend for pleasure and use this money, and do not borrow from the other boys to buy stamps. Spend only what you can afford.

6th. Ask your friends and their friends to help you collect. They may know of some one getting foreign mail, and in this way you get a lot of duplicates to trade with the other boy who gets stamps from a different country than you do.

7th. Do not make fun of any boy who collects, no matter how or what he is collecting. Try and help him to see your way of collecting and explain to him why you collect the way you do and let him tell you why he collects the way he does and you both will learn something about stamps you probably did not know.

8th. Do not be jealous of any other collection, as you must realize that every boy cannot spend as much money on his collection as the next boy. In many cases his father helps him or his relatives travel and send him stamps, or perhaps his allowance may be much larger. Just keep in mind that you are doing your best and if you keep this in mind, you will enjoy your stamps.

9th. When you buy a stamp do not say, "I wonder how much is this stamp going to be worth next year or the year after." If you do, don't save stamps as there is no way of telling.

10th. Last, but not least, if you sell a boy stamps, do not try to cheat him by telling him you are giving him a bargain when you know such is not the truth. You are entitled to charge a fair price, say one-half of catalogue value where the stamp is used, and you are giving him a good bargain and making a friend who will buy again and not tell the other boys you trimmed him. Be fair in your dealing with your fellow-collectors and they in turn will be fair with you.

MINT VS. USED STAMPS

Much controversy exists among Stamp Collectors in regard mint vs. cancelled stamps.

It is true that a mint stamp looks better on an album page and is easy to procure at the time of issue, simply by paying the face value with a little addition to the dealer for commission, in the case of U. S. stamps at face at the P. O. Of course, if one wants some obsolete ones the price is higher for mint as well as used ones, especially mint.

It seems to me however that a real collector should prefer cancelled stamps that have performed duty by doing just that, what is intended for them to do, paying revenue for delivering the letter thru the regular channel, the P. O. Dept.

If it were not for the bulkiness I should prefer original covers with the stamp or stamps intact. I have for instance a Baden cover with two 18 kr., two 9 kr. and two 1 kr., cancelled "Pforzheim" right on the 18 krs. that I would not trade for mints at any price. Take the German and many other stamps that were issued during the war, anyone could have bought these stamps by the sheet for little, but as to the cancelled ones they are mostly scarce, I would judge there's one cancelled to 100 mint, and the used should be higher in price.

Have collected stamps for 60 years (off and on) and as a boy of 10 when I commenced collecting stamps I wouldn't have thought of putting a mint stamp in my little book.

Unfortunately many pay more attention to the speculative part than to the real sport of collecting and preserving stamps. This I have observed thru the channel of boys and girl friends who come to me with questions that are mostly on the pecuniary side of view. I try to persuade them, if they want to be real stamp collectors, they should abandon this idea.—E. W. D.

EVER THINK OF THIS

One of our new advertising patrons writes as follows in sending in advertising copy. "I feel that your paper will produce better results than any other with its present high circulation and due to the fact that it is just the size that is read by the average busy collector which cannot be said about Mekeels and Gossip."

There is a lot in that thought. Linn's is compact, to the point, it has just enough interesting matter for the few brief hours that most collectors can give to reading a stamp paper. Its stories and news items are to the point and piffle is omitted.

GIANTS & MIDGETS LOT

This is an interesting lot of over 100 different stamps. All of these are of unusual large or small size. Some of the largest or smallest stamps ever printed are in this lot.

EDITORIALS

MARCH SETS NEW RECORD Complete totals of subscription receipts for the month of March have now been checked up and we are gratified to learn that the number of subscriptions received during March totaled over 900, in fact just a bit under a full thousand single subscriptions in a single month. The February total was well over 800 received. Such growth as this is remarkable. More remarkable in our case than it would be in an old established publication. With such a record carried out through the twelve months of the year it can readily be seen that our subscription list will total well over ten thousand within the present year.

The idea behind this publication is somewhat different than what is behind other Philatelic Publications. That the idea is practical, that it is bearing fruit, is evidenced by the wholehearted support that is being given by hundreds of readers and friends throughout the United States.

We would not think of assuming all of the credit, nor even any large part of it, for building a subscription list so large as we have, in so short a time. It could not have been done without the help of those hundreds of readers and friends whom we just mentioned.

However, to interest those people has been a task we have worked on, thought on and studied on day after day for many months. We know that we must give them some reason to stand by us and help us boost this publication, we could not do it all by ourselves and it has been our task to interest as many helpers as possible. That we have succeeded in interesting a large number is evidenced by the very liberal support that has been given us and we feel that we have succeeded very well in our part of this subscription building effort.

We have scaled the heights, we are now on top and sailing along on a clear stretch. Our growth from this date should be more rapid than in the past. We anticipate doubling our subscription list in less time than it has taken us to reach our present circulation of 6500 copies weekly.

We plan some special subscription campaigns in various fields that will bring results—for any business getting campaign founded on a sound and staple item, forcibly put through and vigorously pushed, will bring business. We know this from experience and we mean to go after circulation and advertising patronage in a thorough manner.

ARE YOU AWARE OF THE fact that our front page is one of the finest places that you can place your announcement before an army of stamp collectors. Last week, J. E. Guest, Sales Manager of the American Philatelic Society used this page in a call for 1000 additional A. P. S. Members. Next week, The Stamp House of Roxbury, Mass., will again use this front page. This will make their second appearance on this page and we have orders for several more insertions from them. Probably you would like to use it for some special offers. It is sold only as a whole, 21 inches, and it brings in the business.

MAGAZINE PICTURES STAMPS

Popular Science, in a recent number, illustrated a vertical pair of the current 6c stamps in an article by Edwin W. Teale. When the publishers get a scrap book full of pictures of U. S. stamps from the daily papers and magazines the collection will be presented to the postoffice department.

STATEMENT OF THE OWNERSHIP, MANAGEMENT, CIRCULATION, ETC., REQUIRED BY THE ACT OF CONGRESS OF AUGUST 24, 1912,

Of Linn's Weekly Stamp News, published at Columbus, Ohio, for April 1, 1931

State of Ohio } ss.
County of Franklin }

Before me, a Notary Public in and for the State and county aforesaid, personally appeared George W. Linn, who, having been duly sworn according to law, deposes and says that he is the owner and publisher of the Linn's Weekly Stamp News, and that the following is, to the best of his knowledge and belief, a true statement of the ownership, management, (and if a daily paper, the circulation), etc., of the aforesaid publication for the date shown in the above caption, required by the Act of August 24, 1912, embodied in section 411, Postal Laws and Regulations, printed on the reverse of this form, to wit:

1. That the names and addresses of the publisher, editor, managing editor, and business managers are:

Publisher, Linprint—George W. Linn, Columbus, Ohio

Editor, George W. Linn, Columbus, Ohio

Managing Editor, George W. Linn, Columbus, Ohio.

Business Manager, George W. Linn, Columbus, Ohio.

2. That the owner is: (If owned by a corporation, its name and address must be stated and also immediately thereunder the names and addresses of stockholders owning or holding one per cent or more of total amount of stock. If not owned by a corporation, the names and addresses of the individual owners must be given. If owned by a firm, company, or other unincorporated concern, its name and address, as well as those of each individual member, must be given.)

George W. Linn, Columbus, Ohio.

3. That the known bondholders, mortgagees, and other security holders owning or holding 1 per cent or more of total amount of bonds, mortgages, or other securities are: (If there are none, so state.)

None.

4. That the two paragraphs next above, giving the names of the owners, stockholders, and security houders, if any, contain not only the list of stockholders and security holders as they appear upon the books of the company but also, in cases where the stockholder or security holder appears upon the books of the company as trustee or in any other fiduciary relation, the name of the person or corporation for whom such trustee is acting, is given; also that the said two paragraphs contain statements embracing affiant's full knowledge and belief as to the circumstances and conditions under which stockholders who do not appear upon the books of the company as trustees, hold stock and securities in a capacity than that of a bona fide owner; and this affiant has no reason to believe that any other person, association, or corporation has any interest direct or indirect in the said stock, bonds, or other securities than as so stated by him.

5. That the average number of copies of each issue of this publication sold or distributed, through the mails or otherwise, to paid subscribers during the six months preceding the date above is.....

(This information is required from daily publications only.)

GEORGE W. LINN

Sworn to and subscribed before me this 3rd day of April, 1931.

Berkley, Calif., coil. 1½c FV (old type).

When Dr. Mitchell sent in the above we were given quite a surprise as it was a combination of the old and the new. There seems to be life in some of the old type plates yet. Thank you Doctor.

Many new buro collectors are confusing the B11 Buros with some of the new standardized double line city types. There are cases where the buros seem to be double lines but this is due to poor inking, whereas the city types are real double lines.

Plate breaks and scars turn up quite rapidly on the B11-13 types. The small type seems to wear quickly and damage easily and it would appear that the Bureau would either be replacing plates frequently or be guilty of putting out some messy looking precancels.

We have the chance to watch the incoming mail in a large Cleveland institution and over a period of three years would say there has been a gradual decrease in the use of precancels. Same being replaced by meter mail.

C. E. Reed of Lakewood, Ohio, turns in a new break on the Cleveland B11 coil 10c value. A good sized break in the top line covering "EVE" of Cleveland.

L. Davis of Beloit shows us our first Neenah break. A two cent coil with the base of the second "E" and the leg of the second "N" in Neenah badly damaged. Mr. Davis reports having noted this identical break showing up consistently.

Have you seen the Frisco 4c Taft with no period

Have you seen the St. Louis 4c Taft B13 with the shift?

Let's have some news from the readers.

WANT GIRARD STAMP

The Alumni of Girard College will petition Postmaster General Brown for a commemorative stamp in honor of the 100th anniversary of the death of Stephen Girard, which will occur December 26, 1931.

Stephen Girard was a wealthy merchant-mariner who subscribed for nearly the entire issue of $5,000,000 of war bonds in 1814, to carry on the Government.

AIR MAIL FLASHES

EDITED BY H. G. KINGDOM, CONNEAUT, OHIO

This department belongs to our readers and we ask you to send all information received to the Editor as soon as possible and same will be acknowledged

Pacific Coast Ship to Shore

On June 12th the Goodyear airship "Volunteer" will pick a bag of mail from the deck of the LASSCO liner "City of Los Angeles" and deposit it on the roof of the post office at San Pedro, Calif., the mail being picked off the steamer about fifty miles off Point Vicente, on the California coast. Covers may be sent at once to Cachet Director, Lassco-Goodyear Ship to Shore Flight, Room 414 Central Building, Los Angeles, Cal. and must be franked with a five cent air mail stamp and sent unsealed. Place your address low in the right hand corner and must reach the above address before May 18th in order to be carried. This will be an interesting event.

Pioneer Loses Finger

We regret to record that recently while working in his laboratory our collector friend, Earle Ovington, first U. S. air mail pilot, had the misfortune to get his hand tangled in the machinery to such an extent that amputation of the fourth finger on his right hand was necessary. We hope he will still be able to autograph covers for all collectors who have not already obtained same.

Alaska Star Routes

The P. O. Department announces that contracts have been let for carrying mail by plane over 14 of the Star Routes in Alaska to the Dorbant & Cope Aviation Co. and the Alaskan Airways. These contracts do not become effective until July 1st, 1931, and it is not expected that the planes will be used to any extent until about October 1, 1931. These companies can serve these routes by any vehicle they choose, so that pehaps they should not be classed as strictly air mail routes. We will try to obtain more information on these soon.

T. A. T. Crash

April 1st papers carry news of the Crash of the Transport plane on A. M. 34, on March 31st in which the renowned Knute Rockne lost his life between Kansas City and Wichita. Robert Fry and Jess Mathias were the pilots, and they and all six passengers were killed. The plane did not burn, so that the mail must have been recovered, but we have no further data concerning same as yet.

Three Nations Flight

Maritime & Newfoundland Airways, North Sydney, Nova Scotia, report that due to unusual ice conditions it has been necessary to postpone this test flight to St. Pierre and Saint Johns, but that it is now expected between April 15th and May 15th. Probably still time to send covers for this event, with 25 cents for each cover.

Souvenir Historicals

The omission of this section from one of the catalogues has created more or less discussion, but we hear now that W. A. (Heine) Steiger of Springfield, Ill., will edit this section. We congratulate the hobby on this selection because if there is one who knows covers its "Heine." Byrd recently told a philatelic editor that he had covers carried on his trip over both poles and across the Atlantic, and one J. M. Haas has a card carried by Lindbergh on his flight across the Atlantic. These may not have stamps on them; they may not have been carried on any regular air mail line; but they are Historical Souvenirs of the highest type, which any collector would be proud to own.

Still More Byrds

Cachet will be applied at Kenosha, Wis. for the Admiral's visit on April 25th. Send covers to Jeannette H. Sphar, 7833 27th Ave.

Also at Fort Wayne, Ind. on May 2nd. Send to Henry Wittber, 2516 New Haven Ave.

Dedications

Carter Glass, Jr. writes that Lynchburg, Va. will dedicate on or about May 1st. Covers should be sent at once to the Chamber of Commerce and they will provide a cachet.

Omaha, Nebr. reported to dedicate on May 1st but don't know about cachet yet.

Night Flight on A. M. 34

When this 24 hour service is inaugurated, the American Legion at Columbus, Ohio, will sponsor a cachet for use on air mail, and covers for this may be sent to Wm. V. Miller, Suite 403, 55 East State

A Society Collection

Geo. H. Jordan of Los Angeles, Cal. sends clipping regarding the Times Around-World Derby covers, and suggests that the American Air Mail Society should have a collection of rarities like this and many others, which the individual collectors can never hope to obtain. The idea of a society collection is good and if there was a manager for such the members could send an extra when sending for themselves and eventually build up something worth while, but it would probably be hard to pry some of the great covers loose from their owners, but they might by will pass their collections over to the society after having had them during their lives. This is food for thought at any rate, for the officers of A.A.M.S.

Wm. H. Conkling to retire

News dispatches state that "Uncle Bill" Conkling, postmaster at Springfield, Ill. is about to retire, after long service. This gentleman will long be remembered because of his great interest in the air mail as well as his many favors to collectors.

RUBBER CITY STAMP CLUB NEWS

Mr. H. M. Lyon of Ravenna, Ohio exhibited his fine collection of Air Mail Stamps of the world at Rubber City Stamp Club on Thursday evening, March 19th. The 36 members and visitors present, enjoyed to the utmost this magnificent collection which is practically complete, lacking only 8 varieties. March 26th was Auction Night and auctioneer, L. C. Lovejoy, who lives up to his name, disposed of 60 lots in record time. Miss Augusta Brinkerhoff held the lucky number in the Stamp Lottery held previous to the auction, and won a fine packet of United States Stamps. Dr. H. H. Biggs of Wadsworth, Ohio was a welcome visitor at this meeting. Mr. Clayton W. Bedford one of the Directors and Sales Manager of the Rubber City Stamp Club, was accorded a great honor when the Garfield-Perry Stamp Club, Cleveland, Ohio, at their 41st Annual Banquet held at Hotel Winton on Saturday evening, March 21st., awarded him the Hanford Cup in recognition of his efforts in behalf of the Club and Philately for the year 1931 in the Plating of the 5c Inland Exchange, Plate No. 5-F. This work being done as a cooperative endeavor of the Revenue Unit of the American Philatelic Society. We extend the heartiest of congratulations to Mr. Bedford and are proud indeed to have him bring the Hanford Cup to Akron, this being the first time for the cup to leave Cleveland.

We regret very much to report that Mr. O. S. Hart, our Senior member who also attended the Garfield-Perry in company with Mr. Bedford and several more of our members, suffered a stroke of paralysis at the banquet table. He was taken to a Cleveland hospital and reported in a very serious condition. However, at the time of writing these notes, hopes for his recovery is being held out. Mr. Hart is a charter member of Garfield-Perry and founder of the Rubber City Stamp Club.

THE ERASMUS HALL PHILATELIST

Volume 1, Number 1 of a philatelic publication by the above name is at hand. It is published by the Erasmus Hall Philatelic Society of the High School of that name in Brooklyn, N. Y. The paper is of three mimeographed pages and is devoted to news of the activities of the stamp club in the school besides containing news of stamps of interest to collectors.

AUBURN, N. Y., CLUB ACTIVE

"Some Experiences of Fifty Years of Stamp Collecting" was the subject of a talk given at a recent meeting of the Auburn (N. Y.) Stamp Club by Ray P. Meeker, one of the members. Mr. Meeker spent several years of his life in the West Indies and his collecting experiences there, as well as his comparisons of stamp prices of half a century ago with those of the present time, were especially interesting to his audience, which was augmented by the presence of several collectors from the high school who were guests of the evening. An auction sale of stamps will feature the next meeting of the club which will be held at the Y.M.C.A. on Wednesday evening, April 15.

George Underwood, Jr. is president of this newly organized Auburn Club; R. Roscher is vice-president and O. L. Messer, Jr. is secretary.

HENNAN WINS GRAND PRIZE AT LONG BEACH SHOW

The Stamp Show at Long Beach, California, under auspices of the Long Beach Stamp Collectors Club was such a success that the club was prevailed upon to hold the exhibition open through Sunday, March 22.

A letter from H. A. Miller, president of the club states that the postoffice which was maintained at the show sold $468 worth of stamps, that 4168 letters were mailed at the show and that the estimated attendance was 10,000.

Grand prize for the best exhibit in the United States division of the show was captured by Dr. C. W. Hennan for his exhibit of 23 frames, some of which were rushed to Long Beach by Air mail from Chicago and Westfield, N. J.

Dr. H. M. Barnhart of Los Angeles, was awarded the grand prize for his display of Foreign stamps. He specializes Chili and British Colonies.

The Long Beach Press-Telegram printed a complete list of the awards and gave the Club much space for the duration of the exhibition.

EDWARD F. HARMON

Word comes from Mrs. Alice E. Harmon, grandmother of Edward F. Harmon, 826 Bruck St., Columbus, Ohio, telling of his death on December 30th, last. Mrs. Harmon states that much mail from many of the lad's friends is coming to the residence and that the task of replying to all of it is beyond her ability. It is hoped that this notice will come to the attention of his former friends and correspondents and serve as an answer to any inquiries.

CUYAHOGA FALLS, OHIO

The next meeting of the Falls Stamp Club of Cuyahoga Falls, Ohio, will be held April 13th, at 7:30 p. m. at the grocery store on Portage Trail between Third and Fourth Streets. This will be the permanent meeting place of the club and already enough collectors in this territory have signified their intentions of becoming members that the success of the club is assured.

SWALK

The following delightful little skit is taken from a recent number of The Stamp Collectors' Fortnightly, of Great Britain. It may contain a hint of enthralling interest to some of our younger or less prudent readers:

"Some years ago a puzzled philatelist found a mysterious endorsement on a cover. It was 'SWALK'. "He was one of the 'moderns' and knew there must be some special significance in the word.

"Gazetteers failed to find a town, a hamlet, a suburb, or even a coral pimplet on the Pacific of the name. Lloyds could not trace any ship that had heaved to the name on the bosom of the Seven Seas.

"He wrote to the Editor, who first wished to satisfy himself that the fourth letter was an L and not an N.

"If (as we fondly hope) he still reads us, we can answer his query at last. Even Editors learn as well as live.

"The secret was disclosed before the bachelor judge, Mr. Justice McCardle, in a 'breach' case at Sussex Assizes, on March 13th.

"SWALK means—Sealed with a loving kiss!"

CARSON PIRIE STAMP CLUB

The Carson Pirie Scott Company, one of the largest of the Chicago department stores, has a large and flourishing stamp club which meets every Saturday morning at 11:00 A. M., in their store. A different speaker is invited to attend each time and give a talk of general interest to the members and guests. Saturday morning, April 18th, Major Kimble will be the speaker, and he particularly wishes to invite, thru this notice, his many radio acquaintances who live in the vicinity to attend if possible.

RADIO STAMP TALKS

Major Kimble, our New Issue Editor, will broadcast the eighteenth of his series of talks on U. S. Commemorative Stamps over station WMAQ, the Chicago Daily News, next Saturday, April 18th, at 5:45 p. m., Central Standard Time. Note the change of time, as these have been given an hour earlier on former dates. This new time, 5:45 every Saturday afternoon, will be permanent from now on. The subject this time will be the Battle of White Plains.
